

Associate of Arts

Why should I choose the Associate of Arts degree? This 64-credit, two-year general program merges Grace University's priority of biblical/theological education with a basic selection of general education and professional classes. While this program can be used to build toward one of Grace University's four-year degrees, students who complete this two-year program usually plan to transfer to another college or university to complete a Bachelor's degree in a field not offered by Grace.

What type of degree will I earn at Grace University if I enroll in this program? Graduates of this program will earn an associate's degree.

What kind of jobs would be available to me after I graduate from Grace University with this major? This program is especially useful to individuals who are interested in receiving a Biblical foundation before moving on to receive career training in a field not currently offered by Grace University.

Program of Study

Total Degree Credits 64
