

Nursing: Practical Nursing Diploma

Why should I choose the Practical Nursing degree? This program merges Grace University's priority of biblical/theological education with the high quality nursing education offered at Clarkson College (also in Omaha). Upon graduation from the program, students are prepared to practice collaboratively with colleagues in other disciplines in a variety of settings. Nursing graduates are eligible to sit for the National Council Licensure Examination (NCLEX) for Practical Nurses. Any student in this cooperative program is also considered a Clarkson College student, provided that the student meets the standardized testing and required high school courses stipulated by Clarkson College. Any and all documentation and/or attestations required for state licensing requirements within the profession of nursing are coordinated by Clarkson College.

What type of degree will I earn at Grace University if I enroll in this program? Graduates of this program will earn an associate's degree from Grace University and a practical nursing diploma from Clarkson College.

What kind of jobs would be available to me after I graduate from Grace University with this major? Graduates of this program are prepared to enter the nursing profession as a Licensed Practical Nurse (LPN).

For more information on this program, contact the Admissions Office at 1.800.383.1422 or Admissions@GraceUniversity.edu.
