Vienna Christian School is a non-denominational private day school located in Vienna, Austria. The school has a current enrollment of 225 students, grades kindergarten through twelve. The Lord has blessed us with a unique ministry to missionary kids and international students! Approximately 30% of the student body are missionary children, while 70% come from international business and diplomatic communities.

You will have the unique opportunity to be involved in missions right in the classroom, working with students from all over the world, who may never hear about Jesus except through you!

Also, by educating missionary children, you make it possible for their parents to stay on the mission field, where less than 1% of Austrians are evangelical Christians.

All of our staff at VCS are missionaries on support and raise their salary (partnering with RCE International) from family, friends and churches before starting their ministry in Vienna.
